PROFESSIONAL SUMMARY

Full Stack Developer and MCA graduate with hands-on experience in **React.js, Node.js, Express.js, PostgreSQL, MySQL, MongoDB, Python, Java, and JavaScript**. Experienced in developing REST APIs, authentication systems, database integrations, and cloud-based applications. Strong understanding of frontend and backend development, database management, and API integration. Skilled in problem-solving, debugging, teamwork, and developing scalable web applications.

EXPERIENCE

Full Stack Development Intern, Unified Mentor — July 2026 – October 2026

- Developed full-stack web applications using React.js, Node.js, Express.js, and PostgreSQL.
- Implemented REST APIs, authentication, database integration, CRUD operations, image uploads, and responsive user interfaces.
- Worked on public infrastructure reporting and student hostel discovery/relocation applications, contributing to frontend and backend development.

TECHNICAL SKILLS

Programming Languages: Python | Java | JavaScript | SQL | C
Frontend: HTML5 | CSS3 | React.js | Bootstrap
Backend: Node.js | Express.js | Flask | PHP
Databases: PostgreSQL | MySQL | MongoDB
Tools: Git | GitHub | VS Code
AI & Machine Learning: TensorFlow | Keras | Pandas | Scikit-learn

ACADEMIC PROJECTS

Public Infrastructure Damage Reporting System – React.js | Node.js | Express.js | PostgreSQL

- Developed a full-stack web application for reporting and managing public infrastructure issues.
- Implemented authentication, issue tracking, image uploads, and location-based reporting.

Students City Relocation & Hostel Discovery Platform – React.js | Node.js | Express.js | PostgreSQL

- Developed a full-stack web application for city-based hostel discovery and student relocation management.
- Implemented login, hostel search, city filtering, booking, and role-based access for students and owners.

Online Optical Store – React.js | Node.js | MySQL

- Developed a full-stack e-commerce website for eyewear products.
- Implemented authentication, product management, and database integration.

Online Resume Builder (Cloud-Based) – React.js | Node.js | Firebase

- Developed a cloud-based web application for creating and managing professional resumes.
- Implemented customizable resume templates, secure user authentication, and cloud storage.

EDUCATION

Master of Computer Applications (MCA) | 86.5% **2024 – 2026**

- Mount Carmel College, Bengaluru City University

Bachelor of Computer Applications (BCA) | CGPA: 8.31 **2021 - 2024**

- St. Paul's College, Bengaluru University

Pre-University Course (PUC) | 83% **2019 - 2021**

- Schoenstatt St Marys PU College

Secondary School Leaving Certificate (SSLC) | 72% **2018 - 2019**

- Schoenstatt St Marys High School

CERTIFICATIONS

- HTML Course (60 Hours) – Aptech Computer Education
- Build a Website using ChatGPT – Great Learning
- Adobe Illustrator Workshop – Framework 2.0

ACHIEVEMENTS

- **Best Outgoing Student** – Dept of Computer Applications, St. Paul's College (2021–2024).
- **Certificate of Appreciation** for serving as **Class Representative (CR)**
- Served as **Vice President**, Pegasus Computer Science Association (2022–2023).
- Elected **Sports Secretary** (2023–2024),
- Served as **School Sports Captain** (2019)

SOFT SKILLS

Communication | Technical Presentation | Problem Solving | Team Collaboration | Leadership
